NOTES

The cutout depth must be 24"
The cutout dimensions shown allow for a full door swing and access to the pull-out racks when installed as a built-in.

• The wine reserve can be free-standing.

Note: If installing between frameless cabinets, a 1/2" wide filler strip or side panel may be required. The filler strip will act as a spacer between the door case and adjacent cabinet and will prevent interference with cabinet door swing. The width of the opening must include filler panels.

• Wine reserve is vented at the front toekick to allow built-in undercounter installation.

FEATURES AND BENEFITS

Adjustable Temperature Control - Maintains a consistent temperature

Adjustable Temperature Control - Maintains a consistent temperature

Red or white wine temperature setting - Maintain the ideal temperature for aging or serving wine

LED Temperature Display - Allows you to monitor the temperature at a glance

Full-extension sliding wine racks - Positions bottles either horizontally or vertically to maximize space

Unfinished heart-of-cherry wood wine shelf fronts - Can be finished to complement surrounding cabinetry

UV resistant, tempered glass door - Affords a full view of wine reserve contents

Flush Installation - Allows near-seamless integration with surrounding cabinetry

Reversible Door Swing - Easily reversed to left or right door swing as needed

Stainless steel tubular handle - Designed to coordinate with other Monogram appliances

Soft Interior Lighting - Automatically illuminates when the door is open, but can be activated by an internal on/off switch

ZDWR240HBS - wine reserve with digital controls

Monogram®
